Eighty Dollars Reward.

RAN-AWAY from the Subscriber, at Newtown, Chester Ferry, Queen Anne's county, state of Maryland, the following negroes, viz. a woman named Nanny, went away on the 23d January, 1799, and took with her a Mulatto female child, about two years old, named Arianna. Nanny is a dark yellow negro, about five feet four or five inches high, remarkably handsome for a negro. Her cloathing unknown as she took a variety of good cloaths with her—she went off with a negro fellow, named Peter, and calls himself Peter Simpson, he is the property of a certain William Bowers of Talbot county, state as above, who has advertised one hundred dollars reward for him. Peter is a stout well made yellow fellow, about 6 feet one inch high, is a tolerable good Carpenter. Nanny passes for his wife, but her real husband is named Bob, who belongs to her master. It is probable they are in the neighbourhood of Salem in the Jersies, as they were there in October last, and by information, Peter had built himself an house to live in, between Rum Bridge and Gold Town; it is likely they may have changed their names and may have passes, as Peter can write a middling hand; it is probable Nanny has another child, as it was thought she was in a pregnant state when she went away.

The noted Ferry-man Charles, who calls himself Charles Rodney; he went off on the 18th of February last, he is a dark mulatto, about five feet eight or nine inches high, about forty years old, stoops in his shoulders when he walks, a scar on his head very perceivable—he took with him a small bay mare about 4 or 5 years years old, her mane trimmed and bob tail'd; his cloathing unknown, as he carried off a variety of cloaths; it is probable he has changed his name, as he is a very artful, sensible fellow, he can read tolerably well; it is likely he may hire himself to drive a waggon, being well acquainted with that business, driving for the army during the war; he also perhaps may have a pass.

The above reward will be given for the aforesaid two negroes, viz. Nanny and Charles, if taken out of the state, or twenty dollars for Nanny and child, if taken in this state, & 2 do. Charles if taken in this state and secured in jail, so as I may get them again. If brought home all reasonable charges shall be paid by me.

JOHN QUIMBY.

Twenty Dollars Reward.

RAN-AWAY from Spring Forge, in York County, a negro man, named *ISAAC*, otherwise *CUDJO*, about 21 years old, the property of Robert Coleman, Esq. He is about 5 feet 8 inches high, has a blemish in his eyes, more white in them than common, by trade a Ferge man; had on and took with him a drab coloured broad cloth coat, almost new, a sailors jacket and pantaloons printed fancy cord, a swansdown striped under jacket, a roram hat; one fine and one coarse shirt one muslin handkerchief, sprigged, two ditto striped border, a blue Persian under jacket and two pair cotton stockings. Whoever takes up said negro and lodges him in any jail in this or any of the neigabouring states shall have the above reward or reasonable expences if brought home.

JOHN BRIEN.

Spring Forge, October 23, 1799.

N. B. As said negro formerly lived in Chester county, it is probable he may return there.

A SEASONABLE ARTICLE.

JUST RECEIVED,

AND FOR SALE

By WILLIAM Y. BIRCH,

STATIONER,

No. 17 *South Second Street,*

HAMILTON's ELIXIR,

A SOVEREIGN REMEDY

For Colds, obstinate Coughs, Catarrhs, Asthmas, Sore-throats, and approaching Consumptions.

THOUSANDS are too well acquainted with the nature and effects of empirical medicines daily offered for the cure of the above complaints; dear bought experience has taught them that oily and heating medicines joined with strong opiates (or sleepy drugs) repeated doses of which, flatter and deceive the patient for the present, by procuring momentary ease; experience, I say, has taught thousands that the common opiates and balsams, as they are called, finally aggravate every disorder of the breast and lungs in their most distressing symptoms; that they load the stomach and impair the digestion, inflame the whole system, increase the difficulty of breathing, and excite fever.—But the qualities of this valuable discovery are evinced by perfectly opposite effects. A SINGLE TRIAL WILL PROVE that it restores the determination of the fluids to the surface of the body, and brings on the common, healthful perspiration; that it dislodges and evacuates the tough, viscid phlegm, or mucus, strengthens the weakened vessels of the lungs, sheathes the acrimonious humours which irritate the lungs, and finally discharges them. Thus striking at the root of the disorder, the symptoms are of course, effectually and permanently conquered, the reverse of common medicines, which weaken the constitution and give strength to the disorder, for the sake of moderating for the present, some of its painful effects.

TO PARENTS

Who may have Children afflicted with the

HOOPING COUGH.

This discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most cruel disorder to which children are liable; the Elixir is so perfectly agreeable and the dose so small, that no difficulty arises in taking it.

DR. HAMILTON's

Genuine Essence and Extract of

MUSTARD.

For Rheumatisms, Gout, Palsey, Sprains, &c. a great number of attested cures may be seen at the place of sale Dr. Hamilton's Grand Restorative for constitutions debilitated by intemperance of any kind; and for the cure of Nervous Complaints, Inward Weakness, Obstinate Gleets, Fluor Albus in women, &c.

Hamilton's justly celebrated Worm Lozenges, the infallible Itch Ointment, Dr. Leroux's Indian Vegetable Specific for Venereal Complaints, Ague and Fever Drops which had never failed effecting a cure, Dr. Hahn's Antibilious Pill, ditto Corn Plaister, the Persian Lotion for the face and skin, Gowland's Lotion, Church's Cough Drops, Anderson's Pills,

THE DAMASK LIP SALVE

Is recommended (particularly to the Ladies) as an elegant and pleasant preparation for chopped and sore lips, and every blemish and inconvenience occasioned by colds, fevers, &c. speedily restoring a beautiful rosy colour and delicate softness to the lips.

THE RESTORATIVE POWDER

FOR THE TEETH AND GUMS.

This excellent preparation comforts and strengthens the gums, preserves the enamel from decay, and cleanses and whitens the teeth, absorbing all that acrimonious slime and foulness, which suffered to accumulate, never fails to injure and finally ruin them.

☞ Those who wish to procure the medicines genuine, must apply ONLY as above.

Wholesale purchasers will receive a liberal allowance by application to LEE & Co. Baltimore, who have obtained the general agency for the United States.

A NEW ADVERTISEMENT.

To Merchants, Store-keepers and Tradesmen in general, &c.

GENTLEMEN,

I FEEL peculiar pleasure in stating, that you have so generously and generally come forward and subscribed for my work, that (notwithstanding all provisoes heretofore made by me) the coins and monies of account of the principal maritime trading places in *Russia, Sweden, Denmark, Norway, Prussia, Poland, Germany, Holland, Flanders, Spain, Portugal, Italy*, in several of the *windward* and *leeward West India Islands*, and many ports in the *East Indies*—the whole to be reduced to dollars and cents; and the best mode of computing the exchange with those places explained; also, a large sheet table of calculations at compound interest, at 6 per cent. the tables used in banks for the determination of the value of gold; the interest of each month from one to twelve months, on every dollar (without exception) from one to two thousand; and a table of all the post towns in the United States; besides much other general useful information, shall positively be added to the work, entitled

ROWLETT's

Tables of Discount or Interest,

On every dollar (without exception)

From one to two thousand; thence on every ten, fifty, and five hundred, to five thousand, from one day to sixty-four days inclusive, at six per cent. with notes for 5, 7 and 8 per cent, &c. &c. &c.

The work is dedicated, by permission, to the President and Directors of the Bank of North America, and received in the first twelve days the patronage of JOHN ADAMS, President of the United States; of THOMAS JEFFERSON, Vice President of the United States and President of the Senate; of two-thirds of the Senators and Members of the House of Representatives of the United States; and of the Presidents and Directors of the different Banks unanimously, &c.—a list of the whole is printed and attached to the proposals.

It is evident that the work will be no trumpery catch-penny-thing; for I do assure the public, that the price of it is reduced very near *one-half*, according to the usual rate at which books sell; and it is my full determination to render it, in point of SUBJECT MATTER, a valuable acquisition.

With respect to the accuracy of the Tables, too much cannot be said, and I pledge myself that a PREMIUM of not less than ONE HUNDRED DOLLARS shall be offered to the first person who shall inform me of a *single error of one cent*, according to the principle acted upon.

To do away all doubts with respect to the expences of the undertaking, I do *most solemnly declare* that they will amount to very near FOUR THOUSAND DOLLARS, and perhaps more, independent of any remuneration for my own trouble in the *arduous business*, and the great expence already incurred for specimens, proposals, advertisements, hand-bills, &c. &c.

I do therefore trust with confidence, that gentlemen will continue to come forward with that public spirit and generosity which characterize the nation, and support the work by subscribing to it without hesitation: otherwise it cannot be published, and I must sit down to reflect upon a CONSIDERABLE LOSS.

And am, with profound respect,
Gentlemen,
Your obedient humble servant,
JOHN ROWLETT,
Accomptant, Bank North America.

Postscript.—Gentlemen are respectfully invited to see Specimens of the Tables, &c. exhibited at the City-tavern, Hardy's Hotel, Francis's Hotel, the Indian Queen, Dudwoody's tavern, the Franklin Head and at the George; and please be referred to the other advertisements which appear every day in some one of the newspapers.

Subscribers are to pay *nothing until the book is delivered* rigorously conformable to all stipulations.

Copy right secured according to act of Congress.

MAP OF NEW-JERSEY.

THE commissioners appointed for the purpose of circulating subscription papers, to the proposed plan of procuring an accurate Map of New-Jersey, immediately after their appointment transmitted printed copies of the plan to various persons in the several counties of this state, and in the cities of New-York and Philadelphia, and since that time, through the medium of the public prints, have requested the gentlemen entrusted with those papers, to return the number of subscribers by them respectively procured, to James Salter, Esq. at Trenton, on or before the 6th day of February last. The number of subscriptions received, not amounting to two thousand, the commissioners did not conceive themselves authorized to fix a day for the meeting of the company; nevertheless being of opinion from respectable information, that the actual subscriptions are nearly, if not fully, adequate to the complete organization of the company, if they could be ascertained by regular returns, and being convinced that a trifling degree of exertion, on the part of the persons holding the subscription lists, would enable them to carry the intention of the subscribers into effect, they have by the unanimous advice and consent of the subscribers, whom they have been able to consult, fixed on the 14th day of May next, being the 2d day of the sitting of the supreme court, for a meeting of the subscribers at 11 o'clock in the forenoon, at the State House in Trenton, for the purpose of electing five Trustees and a Treasurer, if the number of subscriptions should be sufficient, or in any event to determine on the measures necessary to secure the attainment of an object so useful to the state.

From the universal approbation exhibited by their fellow-citizens, at the commencement of this undertaking, it was to be expected that the subscriptions returned would have ensured its immediate execution, and the commissioners are persuaded if proper attention is paid to the procuring of subscriptions, to their punctual return at the time fixed for the meeting, and to the attendance of the subscribers, either in person or by proxy, that no farther delay will take place in commencing the operations of the company, in time for their execution during the course of the ensuing summer.

PHILADELPHIA,
FRIDAY EVENING, MARCH 28.

Justum et tenacem propositi virum,
Non civium ardor prava jubentium,
Non vultus instantis tyranni,
Mente quatit solida.

There runs a bruit that orders go out from New York by the United States ship Portsmouth, for the disruption of any negociation which may have been commenced with the present Ruler of France; and that the Pacific Committee are to return home in said Portsmouth. We wish to be understood, as merely echoing a public rumor in this instance. If so wise, so necessary and so noble a step *has* been taken, "Troy *yet* may live."

Commodore Truxton has with unrivalled prowess, obtained for the arms of America, a second splendid triumph. The glory he has acquired, and the inestimable services he has rendered to his country, do most naturally expose him to the fullest force of democratic calumny and malice. It is to be hoped, therefore, that the adherents to the federal cause, that cause which he has so amply contributed to rescue from supineness, and re-invigorated into life, will no longer continue their neglect of an enterprizing, and gallant man; but, by advancing to join him, on that ground he has so nobly assumed, despel the vapors of uncertainty, and the mists of pacification.

"An old officer who was at the siege of Savannah," is desired to back with his name the assertion he makes concerning the *courageous* conduct of *the Orator of the Human Race*, on that occasion.

Of all the various departments of civil œconomy, the most essential to the well-being of a state, is, unquestionably, that of education. Amongst an enslaved people, indeed, like those of Great Britain, whose yoke we happily cast off, education can be but of little value; since the light which it imparts, serves only to aggravate a man's slavery by imparting to him the knowledge that it is in his power to be free; and those universities of Oxford and Cambridge, and Edinburgh, Dublin, &c. &c. do thus subserve no earthly purpose, but to foster defenders and supporters of that miserable slavery, under which they gained all their acquirements. Thus what is given, is always received back in full, and thus a system of slavery is propagated and prolonged. But in a free country, like ours, its importance is above all estimation. For although it is not necessary to a man's own peace, that he should feed on the delights which are bred in a book, yet it cannot well be imagined how the welfare of a great community can be compassed, but by rearing up thro the means of well-ordered universities, or otherwise, men of sense and virtue, on whom, in these dark and dreary days of ignorance and desolation to repose for counsel, and rely for our deliverance.

From the North Carolina Minerva.

AN ADVICE.

I think, Americans, though past moments are not to be recalled, past errors may be repeated. Have you not daily provocations to war? Let the memory of oversights, by which you have suffered so much, instruct you to be more vigilant in the present danger.—Had your resolutions the virtue to compass what you intend, you would not see the efforts of the French multiply as they do, and upon every—nor would she be in a condition to outbrave and affront you in such a public manner. Proceed, then, to support your deliberations with vigour: You have heads capable of advising what is best; you have judgment and experience to discern what is right; and you have power and opportunity to execute what you determine. What time so proper for action! What occasion so happy? And when can you hope for such another, if this be neglected? Has not the Directory, contrary to all treaties, insulted you both by land and sea? and still continues to ravage?—Is not the French an implicable enemy? a faithful ally? the usurper of your rights, to which they have no title nor pretence? a stranger, a barbarian, a tyrant? and indeed what are they not? In truth, if recovering from inactivity, you would assume the freedom and spirit of your ancestors; if you would be your own soldiers and your own commanders, no longer considering your affairs in mercenary hands, the world might, once more, behold you making a figure worthy of Americans. Yes, fellow citizens, you should make it a standing rule, that no person whatever, should be the better for the public money, who should hesitate to employ it for the public service. Are you in peace? The public is charged with you subsistence. Are you in war, or under a necessity as at this time, to enter into a war? Let your gratitude oblige you to accept, as pay, what you receive in peace, as a mere bounty. And without abolishing any thing but pernicious novelties; by converting for the future, the funds for the use of the serviceable, which are spent upon the unprofitable.—You may be well served in your armies; your troops regularly paid; justice duly administered; the public revenues encreased; and every member of the commonwealth rendered useful to his country. This is what prompted me to represent to you upon this occasion—May the God of all nations inspire you to determine upon such measures as may be most expedient for the public and private good. Then let all as one man, and with one voice shout: Let us march against France; let us fight for our liberties; let us conquer or die. A SOLDIER.

Information is received in town from Curracoa, stating, on the authority of a vessel arrived there from Lisbon, that the frigate U. States, Commodore Barry, having the commissioners on board, had proceeded from thence to some port in France; the Secretaries of the Embassy having previously departed from Lisbon for Paris.

The letter from Curracoa is said to be from the American Consul at that port.

BALTIMORE, March 25.

Extract of a letter from on board the U. S. schooner Enterprize, of 14 guns, commanded by lieutenant Shaw, to a gentleman in this city.

"On the 17th December, we left our capes, with a moderate breeze from the S. W. but it shortly increased to a violent gale, accompanied by quantities of rain; and having a new vessel and raw hands, had soon many difficulties to encounter. We lost one man overboard, besides springing our foremast, but had it condemned by a surveyor, as being unfit to proceed to sea with. On the 19th January, procured another mast in Martinico, and then proceeded to St. Kitts with a convoy of 15 sail. Hauled up for a brig we saw under Guadaloupe, which shewed a Swedish jack. As we had every reason to suppose her a French vessel, beat all hands to quarters, the usual mode we adopt on seeing a strange sail. We gave her a gun, and shewing our colours, but she kept her wind to the southward, until we had fired 14 shot at her, when she hauled down her colours and came under our lee. She proved to be a Swedish brig of 20 12 pounders and 90 men. After examination, let her proceed.

"The 19th were ordered out on a cruise. On the 22d re-captured the schr. Victory, with a valuable cargo, from Norfolk, bound to Antigua, 5 days in possession of the French. On the 24th, re-captured the brig Androscoggin, of Topsham, 6 days in possession of the French. They both arrived safe in St. Kitts. On the 26th instant, we proceeded to Curracoa, with dispatches from commodore Truxton, to capt. Baker of the Delaware. She is in port with many of her men sick.

"I hope the crew of the Enterprize will support our motto—and as for sailing nothing in these seas can run away from us."

CONGRESS.

HOUSE OF REPRESENTATIVES.

THURSDAY March 27.

Mr. Reed presented a petition of Lucas Ames, of the state of Massachusetts, praying payment of certain certificates, barred by the limitation act.

Referred to the Committee of Claims.

Mr. Nicholson moved the following resolution:

Resolved, by the Senate and House of Representatives of the United Statss of America, in Congress assembled, that the President of the Senate and Speaker of the House of Representatives, be authorised to adjourn their respective Houses on the *last day in April next*.

Mr. D. Foster moved to strike out the words in *italic*, and to insert "first Monday in May."

After some observations from Mr. Thatcher, who seconded this motion, the resolution was ordered to lie on the table.

Mr. Speaker laid before the House a letter from the Secretary of the Treasury, inclosing a report on the memorial of Charles Pettit, Esq.

Referred to the Committee of Claims.

The House, in committee of the whole, Mr. Rutledge in the chair, resumed the consideration of the new judiciary system bill—and Mr. Nicholas's motion to strike out the seventh section being under consideration, Messrs. Marshall, Harper, and Dennis spoke against it, and Messrs. Nicholson and Nicholas in favor of it; when the question on striking out the section was put, and carried, ayes 50.

The Committee then rose, and leave was given to sit again, ayes 53.

Mr. D. Foster, from the Committee of Claims made a report on the petition of Timothy Winn, in behalf of Joshua Whitney the claim being founded on the same principle with that of Seth Nelson, the committee report it should have the same decision.

This report was committed to the committee of the whole house to whom the former report was committed.

A message was received from the Senate informing the house, that they had concurred in the joint resolutions relative to Captain Truxton.—Adjourned.

In the SENATE yesterday.

The committee of privileges reported two resolutions, the first declaring, that as William Duane, in contempt of the Senate, has refused to attend at their bar, pursuant to notification, the sergeant at arms be empowered by a warrant, signed by the Vice President, to take the body of the said Duane into custody, and him safe to keep for the future order of the Senate: The second contained the form of warrant to be issued by the Vice President.

The question on the first resolution was decided in the affirmative—yeas 16—nays 11.

A motion was then made to postpone the further consideration of the second resolution, which was negatived.

Mr. Mason moved to strike out the latter part of the resolution which commands all Marshals, Constables, &c. to be aiding and assisting the said sergeant at arms in the execution of his duty.

The question upon this motion was taken by ayes and nays, and negatived—ayes 10—noes 19.

Mr. Marshall then spoke against the resolution, which was carried—ayes 18—noes eleven.

—,

The following letters were read in Senate, on Wednesday last:

(Copy.)

TO A. J. DALLAS, Esq.

SIR,

I inclose you a copy of the resolution of the Senate passed yesterday, and must request you would favour me, by appearing with Mr. Cooper as my counsel to-morrow at 12 o'clock. You know that it was not from a conviction of their possessing constitutional authority to order my attendance that I appeared yesterday, but from a sense of delicacy towards this branch of the legislature, which would not permit me to carry an appearance of disrespect towards them, even when they were acting under error.

I fear the resolution inclosed will prevent me from deriving all the benefit from your assistance which I had a right to expect from your acknowledged abilities, and the justice of my cause. I am, Sir, &c.

WILLIAM DUANE.

Aurora-Office March, 25, 1800.

☞ A similar latter was addressed to Thomas Cooper, Esq.

(Mr. Dallas's Answer.)

SIR,

As it is my general rule to render professional services whenever they are required I think it proper to state explicitly, the reason of a departure from that rule, in the case now depending before the Senate of the United States.

The Senate having as I understand, charged you with the publication of a libel, proceeded without hearing you, or notifying you of the charge, to decide that you were the Editor of the publication, that the publication was false, malicious &c. and that it amounted to a breach of the legislative privileges of the body. Before, however any punishment shall be inflicted, or any sentence pronounced, the Senate has been pleased to summon you to the Bar; and, upon your application, to allow you the assistance of counsel, who may be heard in denial of any facts charged against you, or in excuse or in extenuation of your offence.

Though I mean not to question the wisdom and justice of the Senate, in any part of the proceeding, I cannot consent to act as counsel under so limitted an authority:

For you will at once perceive, that it excludes any enquiry into the jurisdiction of the Senate to take cognizance of offences of the nature imputed to you, as well as any justification of the obnoxious publication, by proving the truth of the facts which it contains. As to the rest, I cannot suppose that either you, or your counsel, would find it practicable to deny the existence of any fact, which the Senate has already (doubtless upon sufficient evidence) examined and established; and the language of excuse, or extenuation, must always proceed with better grace, and more advantage from the penitent offender, than from a professional advocate.

Under these circumstances I do not think that I could render you any service by accompanying you to the bar of the Senate; while I confess, that I should feel the situation degrading to the profession, as well as to myself.

I am, Sir,
Your most obedient
Humble servant,
A. J. DALLAS.

Philadelphia, March 25, 1800.

(Cooper's Answer.)

Philadelphia, March 25, 1800.

SIR,

I have every inclination to render service to you and to your cause, but I will not degrade myself by submitting to appear before the Senate with *their gag in my mouth*. The resolution you have transmitted to me, precludes all hope of my doing any good to you or the public, or any credit to myself by complying with your request.

I heard sufficient of the debate yesterday to understand (before I saw your letter) that the intent and meaning of the resolution, is to preclude all argument on the jurisdiction of the Senate, and all proof that might be offered in justification of the assertions complained of. Indeed I do not much wonder at the latter preclusion; for I cannot help thinking from the evidences you stated to me, that had we been allowed to have given proof of the facts in justification, the public would have been well instructed in the doctrine and practice of CAUCUSES, from the very best and most unexceptionable authority.

But, to appear before a tribunal, which in a new and most important case has prejudged the material questions between you, which in the capacity of accuser has claimed a right to dictate the mode of defence to the person accused—which has forbidden us to enter upon what I cannot but regard as the *unanswerable* part of your vindication, and left you no ground to take worth contending for—which, as a tribunal in *this* country of unknown, unprecedented, and undefined authority, will hear no objection to its jurisdiction, and admit no proof of the facts it controverts—under *such* circumstances to attend at the bar of that tribunal, an advocate interdicted from defence, a tame and manacled assistant, might serve indeed to excite a milignant smile among the enemies of liberty, but would certainly tend to disgrace your cause and my character.

I cannot think you will be able to procure any professional assistance on such strange and unusual terms; nor can I see of what use professional assistance could be to you, under the restrictions which the Senate have thought fit to impose; nor do I see (if you appear before them unattended by legal friends) with what prudence or propriety you can reply one word to any question they may chuse to put. Where rights are undefined, and power is unlimited, where the freedom of the press is actually attacked, under whatever intention of curbing its licentiousness, the melancholy period cannot be far distant when the citizen will be converted into a SUBJECT.

I am, sir, your friend and servant,
THOMAS COOPER.

To the President of the Senate.

SIR,

I beg of you to lay before the Senate this acknowledgement of my having received an authenticated copy of their resolutions on Monday last in my case. Copies of those resolutions I transmitted to Messrs. Dallas and Cooper, my intended counsel, soliciting their professional aid; a copy of my letter is inclosed, marked A. Their answers I have also the pleasure to enclose, marked B and C.

I find myself in consequence of these answers deprived of all professional assistance, under the restrictions which the Senate have thought fit to adopt; I therefore think myself bound by the most sacred duties to decline any further voluntary attendance upon that body, and leave them to pursue such measures in this case as in their wisdom they may deem meet.

I am, Sir,
With perfect respect,
WILLIAM DUANE.

Lieutenant Rush is informed that, Mary Burgess, corner of Almond and 2d streets, better known by the name of Mrs. Ravara, was the Author of the *anonymous* publication which appeared in this Gazette on Tuesday evening last. Mr. J. B. Bond and Lieutenant Reynolds, disclaim any acquaintance with her, nor was she authorized in using their names.

If the piece alluded to were written by the above mentioned woman, *it is unnecessaay that any thing further* be said; if it were written or instigated by any other person not a *female*, Lt Rush declares that person to be a *coward* and a *puppy*.

Philadelphia Academy.

SAMUEL MAGAW, D. D.
Rector of St. Paul's church, and formerly Vice-Provost of the College of Philadelphia,
AND
JAMES ABERCROMBIE, A.M.
One of the Assistant Ministers of Christ church and St. Peter's,
INTEND TO OPEN,
On Tuesday the 15th of next month, (April)

An Academy,

CONSISTING OF

1. AN English School, in which will be taught Reading, Writing, English Grammar, Composition, Elocution, and Natural History.

2d. A Mathematical School, in which will be taught Writing, Arithmetic, Mercantile Accounts, Geography and the use of the Globes, Geometry and Trigonometry, with their application to Mensuration, Surveying, Navigation, Nautical Astronomy, &c.—Also, the Principles of Mechanics, Algebra and Fluxions.

3d. A Classical School, in which will be taught the Latin and Greek Languages, in conjunction with Chronology, Civil History, Rhetoric, and the Institutes of Moral Science.

A well grounded conviction of the expediency of the foregoing plan, has been our principal inducement to undertake it. When it is considered that this populous and flourishing Metropolis contains only one Public Institution on an extensive plan, and that many of our youth are obliged to resort to other States, to receive even a Grammar-School Education, the Seminary now proposed, will, we trust, be regarded as eminently useful.

Actuated by these considerations, many gentlemen, friends to Science, and to Literary Establishments, have urged, with great warmth, the present undertaking, and excited the most flattering expectations of its success.

Thus encouraged by the countenance and promised aid of liberal men, no less than by a firm persuation that well-regulated Academies have a most important influence upon manners, habits, and principles; it will be our earnest endeavor so to conduct this Seminary of Learning, as to subserve the great Interests of Religion and Morality, to promote Decorum of Behaviour, Correctness of Taste, Liberality of Sentiment, and every other attribute of an ingenious mind, which, in connection with good principles, and sound literature, constitute the distinguished ornaments of the gentleman, and the scholar.

The building, engaged for this Academy, though affording excellent accommodation, will be relinquished for a more central situation, if such a change should be found necessary.

A master of distinguished abilities will be procured to conduct the Mathematical Department.

Persons desirous to be employed as *Tutors* in this Seminary, are requested to apply, without delay, to either of the subscribers, to whom also *Parents* wishing to send their children, will please to make application.

FACTS

Submitted to public consideration, as additional evidences of the efficacy of

Dr. HAMILTON's MEDICINES,

IN THE CURE OF

Most Disorders to which the human body is liable.

RHEUMATISM.

JOHN HOOVER, Rope-maker, South Second street, between Mary and Christian streets, Philadelphia, voluntarily maketh oath, as follows: namely, that his wife, Mary Hoover, was so severely afflicted with violent rhematism, very dangerously situated, the consequence of a cold after lying in, as to be confined to her bed for several weeks, and was at length reduced to the melancholy apprehension of remaining a cripple for life; notwithstanding the most respectable medical advice was followed, and every probable remedy attempted. When seeing several cases of cures performed by Hamilton's Essence and Extract of Mustard, they were procured from Mr. Birch, No. 17, South Second street. The first application enabled her to walk across the room, and the use of one bottle restored her to her usual state of health and strength.

JOHN HOOVER.

Sworn and subscribed to the 25th day of March, 1800, before Ebenezer Ferguson, Esq. one of the Justices of the Peace for Philadelphia county.

DANGEROUS COLD.

DAVID GILBERT, Toyman, No. 46, South Fourth Street, Philadelphia, voluntarily maketh oath, as follows; namely, that about eight months ago, he caught a severe cold, which resisted every remedy he could think of, and produced the most alarming effects; he could procure no rest for incessant coughing, nor breathe without great pain and difficulty, and was finally so exhausted, as to be scarcely able to walk about, which left his friends little hopes of his recovery, though the prescriptions of a respectable physician were constantly attended to. In this situation hearing of the efficacy of Hamilton's Elixir, a bottle was procured from Mr. Birch, No 17, South Second street; the first dose of which afforded the most surprising relief, and gave him more ease than he had enjoyed during the whole of the above period, and before the contents of one bottle were taken, he was perfectly cured, his strength and appetite recovered, and not a symptom of his former distressing complaints remained.

The above particulars the said David Gilbert wishes to be made public, as a testimony of his gratitude, and for the benefit of mankind.

DAVID GILBERT.

Sworn and subscribed before me the 24th day of March, 1800.

JOHN JENNINGS, Aldetman.

TO PARENTS

Who may have Children afflictsd with the Hooping Cough,

This discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most cruel disorder to which children are liable—The Elixir is so perfectly agreeable, and the dose so small, that no difficulty arises in taking it.

WORMS.

A daughter of Mr. Ewing Wiley, No. 109, Cedar street, Philadelphia, was dreadfully afflicted with worms, insomuch that her life was with great reason despaired of; her complexion faded and grew pale and sallow; her eyes sunken; her appetite was lost, and succeeded by a painful and constant sickness at the stomach; which general wasting and debility was accompanied with every appearance of a dangerous fever. From this deplorable situation she was relieved, and restored to a state of perfect health and strength in a few days, by the use of Hamilton's Worm Destroying Lozenges, which expelled a great number of large pointed worms, from six to nine or twelve inches in length; one of which being a most extraordinary thickness, (supposed from half an inch to an inch in diameter) was opened and found to contain a quantity of young ones.

The above is communicated by Mr. Wiley, believing its perusal may be useful to many, by extending the knowledge of a medicine which merits universal attention: But this testimony is only a corroboration of the evidence of MORE THAN FIFTY THOUSAND persons of all ages, who have, within twenty months past, been cured by this medicine, with the utmost ease and safety, of various complaints, arising from worms and from obstructions or foulness in the stomach and bowels.

Dr. Hamilton's Grand Restorative

Is recommended as an invaluable medicine, for the speedy relief and permanent cure of the various complaints which result from dissipated pleasures, juvenile indiscretions, residence in climates unfavourable to the constitution; the immoderate use of tea, frequent intoxication, or any other destructive intemperance; the unskilful or excessive use of mercury; the diseases peculiar to females at a certain period of life; bad lyings in, &c.

And is proved by long and extensive experience to be absolutely unparalelled in the cure of nervous disorders, consumptions, lowness of spirits, loss of appetite, impurity of the blood, hysterical affections, inward weaknesses, violent cramps in the stomach and back, indigestion, melancholy, gout in the stomach, pains in the limbs, relaxations, involuntary emissions, seminal weaknesses, obstinate gleets, flour albus (or whites) impotency, barrenness, &c.

This medicine is perfectly different in its qualities and operation from those hot and irritating drugs so frequently proposed for similar purposes, and which only recommend themselves by the dangerous rapidity of their effects, and which, acting as a temporary but violent stimulus on the nervous system, infallibly produce greater evils than those they are intended to remove.

The principal operation of this remedy is in the stomach, restoring the digestive powers, and sending from that organ new health, and vigour into every part of the system. It enriches and purifies the blood without inflaming it; brace, without stimulating too violently the nervous system; strengthens the secretory vessels and the general habit; brings back the muscular fibres to their natural and healthy tone; and restores that nutrition which immoderate evacuations have destroyed, and whose loss had thrown the whole frame into langor and debility.

The Restorative is absolutely above all recommendation, in removing those weaknesses and infirmities with which many females are afflicted, the consequences of difficult and painful labours, or of injudicious treatment therein.

The most obstinate seminal gleets; and the most distressing cases of fleur albus in females falls particularly under the province of this restorative; speedily yield to its benign operation, and are radically cured, by correcting and purifying the acrimenious humors, restoring a proper degree of tension to the relaxed fibres, and strengthening the weakened organs.

In cases of extremity where the long prevalence and obstinacy of disease has brought on a general impoverishment of the system, excessive debility of the whole frame, and a wasting of the flesh, which no nourishment or cordial could repair, a perseverence in the use of this medicine has performed the most astonishing cures.

The grand restorative is prepared in pills as well as in a fluid form, which assists considerably in producing a gradual and lasting effect. Their virtues remain unimpaired for years in any climate.

Dr. Hahn's true and genuine
GERMAN CORN PLAISTER,

And infallible remedy for corns, speedily removing them root and branch, without giving pain.

The genuine Persian Lotion,

So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellant mineral's (the basis of other lotions) and of unparalleled efficacy in preventing and removing cutaneous blemishes of the face and skin of every kind, particularly freckles, pimples, pits after small pox, inflammatory redness, scurfs, tetters, ring worms, sun burns, prickly heat, premature wrinkles, &c. The Persian Lotion operates mildly, without impeding that natural, insensible perspiration, which is essential to health, yet its effects are speedy and permanent, rendering the skin delicately soft and smooth, improving the complexion and restoring the bloom of youth; never failing to render an ordinary countenance beautiful, and an handsome one more so.

The Damask Lip Salve

Is recommended (particularly to the ladies) as an elegant and pleasant preparation for chopped and sore lips and every blemish and inconvenience occasioned by colds, fevers, &c. speedily restoring a beautiful rosy colour and delicate softness to the lips.

The Restorative Powder for the Teeth and Gums.

This most excellent preparation comforts and strengthens the gums, preserves the enamel from decay, and cleanses and whitens the teeth, absorbing all that acrimmonious slime and foulness, which suffered to accumulate never fails to injure and finally ruin them.

Sovereign Ointment for the Itch.

Warranted an infallible and immediate cure at once using; being the most speedy, effectual and pleasant remedy ever offered to the public, and for the satisfaction of the timorous, the proprietor maketh oath, that this ointment does not contain a single particle of mercury or any other pernicious ingredient in its composition, and may be used with the most perfect safety by pregnant women, and on infants newly born. Price 3 4ths of a dollar each box.

Patent Indian Vegetable Specific,

For the cure of Venereal complaints of every description: An extensive trial of near four years, has proved the Vegetable Specific to be effectual in expelling the venereal virus, however deeply rooted in the constitution, and has restored health to many who have been brought to the brink of the grave by the improper administration of mercury.

Within this period upwards of eight thousand patients have experienced its salutary effects.

With the medicine is given, a description of the symptoms which obtain in every stage of the disease with copious directions for their treatment, so as to accomplish a perfect cure in the shortest time, and with the least inconvenience possible.

Infallible ague and fever drops.

A long eulogium on the virtues of this medicine is unnecessary, as the money will be returned if the patient is not relieved, it never having failed in many thousand cases, not one in a hundred has had occasion to take more than a bottle and numbers not half a bottle.

Dr. Hahn's celebrated Anti-Bilious Pills.

Which have been uniformly successful in the cure of bilious and malignant fevers, and in all disorders of the head, stomach and bowels.

Gowland's Geniuine Lotion—Curch's Cough Drops—Anderson's Pill's, &c.

☞ Take notice, the above valuable medicines, are sold in Philadelphia by William Young Birch, Stationer, No. 17, south second street, and by no one else in the city. Likewise observe that the signature of Lee and Co. (the general agents for the United States) it pasted on the outside of each without which they cannot be genuine.

IN compliance with the inſtructions of the Committee for watering the city, and with my own inclinations, every poſſible admittance and information has been given to thoſe citizens who have viſited the Works during their progreſs. The Engines are now arrived, and are immediately to be put up, and it is hoped that it will be thought reaſonable and juſt, both to the Public, and to the Contractor for the Engines, that the workmen ſhould not be interrupted. As a very few months will fully gratify the curioſity of the citizens, by ſhewing them the Engines in full operation, a temporary excluſion of all viſitors from the Engine houſes cannot appear improper.
